

Discovery Education Streaming

Discovery Education is an excellent resource for K-12 teachers and students. It offers a wide variety of digital resources such as videos, images, lesson plans and covers core curriculum for all content areas.

Login from school

Here at school you can just open Cobb Digital Library (CDL), click on All Resources tab on top left, then type in Discovery Education in the search bar (or scroll down). You are automatically logged in.

Access from home

Go to <http://www.cobbmackinva.com/> and log in using your office 365 username and password. Click on All Resources, then type in Discovery Education in the search bar.

Basic Navigation

* Once you open Discovery Education and have your topic in the search bar, you can narrow the search results. If you are not using the digital media at that time you can save it for use later. Teachers can save materials to their *QuickList* or *My Content* to use later.

*You may choose to download the video to avoid having to stream it using Wi-Fi.

*When sharing or posting the link, just remember that the person receiving it will need to be logged into a school computer or know their login to CDL to access the material being shared.

Username format unless common name: first.Last@students.cobbk12.org (this can be found in StudentVue under Account Information)

Password: (The one you use to log into a school computer)
